

Tip

Defining 45 Degree Angled USB Cable Assemblies

L-com has added four new angled options to our existing, extensive offering of 90 degree angled USB cable assemblies. The photos below detail the connector position relative to the cable entry direction.

A Style Connectors

For A style connectors, the position of the connector dielectric* is key in determining the correct angle for your application. *Note: The connector dielectric is the plastic material that contains the contacts.

Right Angle A

Left Angle A

B Style Connectors

For B style connectors, the angled corners of the connector are key in determining the correct angle for your application.

Right Angle B

Left Angle B
