

3300 MHz - 4200 MHz, 11dBi Omnidirectional Fiberglass Antenna, N Female Connector, Gray

HGV-3511U-NF

Features

- · All weather operation
- Includes heavy duty steel mast mounting brackets
- · Lightweight fiberglass radome

Applications

- Point to Multipoint and Non Line of Sight (NLOS) Applications
- 11 dBi gain

- Integral N-Female connector
- · Commercial grade design
- 360° Omnidirectional Pattern
- 3500 CBRS and EU C-Band Cellular Band Operation

Description

The single port high performance outdoor omnidirectional fiberglass antenna HGV-3511U-NF from L-Com is in stock and ready to ship the same day you order it. Specifically designed for Wi-Fi networks, the fiberglass radome type N female HGV-3511U-NF has a frequency range of 3300MHz to 4200MHz. This outdoor rated 11dBi gain fiberglass antenna includes an N-type female connector. The reasonably priced rugged omnidirectional antenna provides excellent coverage in rural or difficult-to-reach areas.

Our Omni antenna specialists are ready and available to answer any questions you may have about the HGV-3511U-NF single port omnidirectional fiberglass antenna. The gray N female fiberglass antenna supports the unlicensed 3.3 GHz band. These HGV-3511U-NF omnidirectional antennas provide simple mounting solutions for easy deployment.

Contact L-Com's expert technical support for assistance with the omnidirectional fiberglass antenna or any antenna. Download our HGV-3511U-NF datasheet with specifications and CAD drawing with dimensions for details. Our knowledgeable sales team simplifies the purchasing process and ensures that your 11dBi 3.3 GHz to 4.2 GHz single port omnidirectional antenna will be exact to specification.

The fiberglass antenna HGV-3511U-NF from L-Com has high gain which allows for range extending 4-8 x farther than typical antennas. Order your single port 11dBi omnidirectional Fiberglass Antenna HGV-3511U-NF from L-Com today. There is no MOQ (minimum order quantity) and the product ships from our warehouse the same day.

Configuration

Notes:

3300 MHz - 4200 MHz, 11dBi Omnidirectional Fiberglass Antenna, N Female Connector, Gray from L-com has same day shipment for domestic and International orders. Our portfolio includes coaxial cable assemblies, connectors, adapters and custom products as well as lightning and surge protectors, NEMA rated enclosures, and an RF product line which includes antennas, amplifiers, passive, and active components.

The information contained within this document is accurate to the best of our knowledge and representative of the part described herein. It may be necessary to make modifications to the part and/or the documentation of the part in order to impliment improvements. L-com reserves the right to make such changes as required. Unless otherwise stated, all specifications are nominal. L-com does not make any representation or warranty regarding the suitability of the part described herein for any particular purpose, and L-com does not assume liability arising out of the use of any part or document.
