**Description**

The L-com LCMARBM pedestal style antenna mount is offered for marine and omnidirectional antennas. This marine antenna mount is constructed of anti-corrosion stainless steel with a mirror polish. Our heavy-duty mount is ideal for marine communication, fishing, navigation, entertainment, and emergency services.

The working temperature range for our pedestal-style installation is -40 to 80 degrees Celsius. The LCMARBM marine antenna mount from L-com is available in 6.7-inch length, 2.72-inch width, and 2.72-inch height. This antenna mount has a flat base fixture and 1"-14 female threads, making it suited for use with search and rescue equipment, satellite TV, radio systems, radar, sonar, depth finders, VHF, GPS, satellite phones, fish finders, and sonar-based equipment applications.

L-com has one of the largest in-stock selections of marine grade pedestal style antenna mounts for international and domestic orders. Make your online purchase right now to take advantage of our same-day shipping. For further information on similar products, our expert technical support and knowledgeable sales team can help you get the perfect stainless steel marine antenna mount for your requirements.
