

Fixed Break-Over Torque Wrench With 1/4 Bit For SSMA Connectors Pre-set to 5 in-lbs

# LCTWB0514-TQ

### **Features**

- Break-over design prevents over-torqueing
- Black anodized aluminum handle

 Each break-over torque wrench comes secured inside a labeled wooden box

## **Applications**

- · Lab environments
- Production cable attachment
- · Field install and testing
- · Applying accurate torque
- · Preventing over torque

### Description

LCTWB0514-TQ is a break-over type torque wrench with 1/4 bit for SSMA connectors and a preset value of 5 in-lbs. L-com's LCTWB0514-TQ break-over torque wrenches allow accurate mating force when assembling and disassembling a variety of RF coaxial connectors. The unique feature of break-over torque wrenches is that they will "break" at the pivot point once the preset torque value is achieved, effectively preventing the user from over tightening the coupling nut on the connector which is not possible with a click style torque wrench. Our break-over SSMA torque wrenches are lab-quality tools made with a durable nickel-plated steel alloy wrench head connected to a lightweight, Black anodized aluminum handle.

#### Configuration

 Torque Type
 Fixed

 Design Type
 Break-Over

 Hex Size
 1/4 inch

 Torque Setting
 5 in-lbs [0.57 Nm]

 Torque Accuracy
 ±0.2 in-lbs [±0.02 Nm]

Weight 0.0485 lbs [22 g] Handle Color Black

Wrench Head Material Steel
Wrench Head Plating Nickel

Handle Material Black Anodized Aluminum

# Compliance Certifications (see product page for current document)

#### Notes:

- For Stainless steel type connectors.
- Do not use on damaged connectors.
- To improve performance of a wrench that hasn't been used recently, actuate the wrench by clicking the wrench head back and forth several times before use. This will spread the lubricant through the internal mechanism.
- Break-over type torque wrenches require smooth consistent application of force. Each torquing action should be completed within 2 seconds. Slower or faster torquing action will detract from accuracy.

Fixed Break-Over Torque Wrench With 1/4 Bit For SSMA Connectors Pre-set to 5 in-lbs from L-com has same day shipment for domestic and International orders. Our portfolio includes coaxial cable assemblies, connectors, adapters and custom products as well
