Description

UL[®] Listed Enclosures

The NB141207-01-UL Non-Powered Enclosure with Drilled Mounting Plate is approved and listed with UL, meeting the stringent requires for Communication Enclosure System 40XX. The UL listing numbers are available. Use this enclosure when UL Listed products are required by the project and a pre-drilled mounting plate makes the installation easier. Other UL Listed enclosures are available with many popular features.

Start with the Box

The box is a rugged weatherproof enclosure that is ideal for both indoor and outdoor applications. Constructed from molded fiberglass reinforced polyester, it is well suited for high temperature or corrosive environments. The mounting flange allows it to be wall mounted as well as on a flat surface. The raised lid features a stainless steel continuous hinge and stainless steel quick release latches with padlock hasps. The raised lid is fully gasketed. The enclosure material is UV stabilized and comes in machine tool gray.

The NB141207-01-UL Non-Powered Enclosures are ideal for custom applications, which may require special modifications to the enclosure. Mounting stand-offs inside the enclosure can be used for mounting plates. Blank mounting plates are available from L-Com.
